

Ohio's Leading Healthcare firm turns to COGENT for Full-Scale Lawson Financials Implementation

This leading healthcare firm specializes in providing advanced medical rehabilitation, skilled nursing care and quality assisted living. The firm is dedicated to providing an environment of care, a comprehensive range of services, and compassionate and capable

employees that meet the highest standards.

When addressing their core infrastructure needs, they entrusted COGENT InfoTech to oversee a full scale LAWSON Implementation that brings consistency of performance and operations to this progressive organization. COGENT combined a comprehensive Discovery process with professional Project Management to ensure maximum ROI on this innovative application.
