

COGENT Nominated to the Prestigious TECH 50 Awards

COGENT has been nominated to the prestigious TECH 50 awards as one of the Finalists in the Service Provider category. Companies in this category provide Operational or Infrastructure products or services that enable client technology companies to succeed in their market niche.

Each year, the TECH 50 event honors those technology companies that demonstrated the strongest growth and advancement in product or sales success, financial strength, corporate citizenship, job growth and retention and innovative product or technology. All applicants are subjected to a final audit and scoring by the Pittsburgh office of Morgan Lewis & Bockius.
